

# New Chapter School

## PE News

With children returning full time back in March, the PE team felt it was important for children to secure knowledge of previous subjects and to develop wellbeing activities involved in their PE curriculum for this year. The children have been fantastic at coming back in to school and enjoying their PE lessons again.

In Key Stage 1, children have been focusing on multiskills games involving agility, balance and co-ordination. Children have also been developing skills in athletics where children are running, jumping and throwing in different events.

In Key Stage 2, children have been learning the techniques and rules of rounders and in year 5 and 6, two tactics have been taught to help them achieve rounders for their team.

Children have also been learning skills in athletics - concentrating on specific events each week such as relay, javelin / vortex, long jump and triple jump.

This half term saw the return of clubs and it has been fantastic to see so many children wanting to take part in these. Within clubs, the children have been practicing skills and playing games from multiple sports each week. We asked the children which sports they would like to play on week one and made a plan that was agreed by all children each week they came to club.

The PE team have finished developing a school values display board, which shows the school values and how these values can be shown in PE. Classes will earn points for their class when showing any of the school values in PE lessons which will be marked on their class card. The class who has the most value points at the end of the week will receive additional break/lunch time as a reward for their hard work.

Finally, as the summer months draw closer, the PE team will be focusing on a number of initiatives such as National Healthy Eating week, Sports Day and Travel to Tokyo as well as Euro 2020.

Keep up the good work children of New Chapter!
