## Class 12's News

We have been incredibly impressed by the positive attitudes the children are showing and how resilient they are becoming. Over the course of the past few weeks, many have applied for the positions of Play Leaders, Librarians and Leaders of Learning, which has been wonderful to see. Those with specific responsibilities are sporting either very shiny badges, or high visibility 'Play Leader' bibs. We have invited some of the Year 6 children to our after school Book Club. This is an excellent opportunity for children to be exposed to an even wider repertoire of books, authors and genres. We appreciate the support parents are giving to this invaluable work and we look forward to seeing the children's confidence in reading grow over the course of the term.

In computing this term, the children have developed their skills of creating spreadsheets and their use of formulae. They are working towards creating and inputting into a shopping spreadsheet and a party spreadsheet which will link to cost and formulae. This is an example of the work the children have carried out which linked to their knowledge of using the four operations. We are looking forward to their shopping spreadsheets - and whether they can keep to a budget!

In English, the children are looking at the life of Walter Tull who was the first British-born black army officer and the first black officer to lead white British troops into battle. He was both a professional football player and a soldier during World War One where he fought at the Somme in 1916. The children will be writing a biography about his life and memory.

In maths, the children have been looking at place value and numbers and clearly understand how important their times tables and related division facts are! We look forward to sharing the many positives with parents who have made telephone bookings for parents' evening next week.

We have been advised that the NHS have been asked to prioritise the COVID-19 vaccination programme to all healthy 12-15 year olds, due to the immediate requirement to deliver these vaccinations the date to deliver the childhood flu immunisation will need to be postponed. We will let parents know as soon as we have further details.
