Class 6's News

Class 6 started this half term with an explosive start! We began by erupting our very own volcanoes and created our own mini Pompeii using junk modelling. In English, we have been looking at the recount narrative 'Escape from Pompeii' and are currently creating our very own endings to this narrative. In Geography, we have completed a case study of Pompeii to support our writing focus. We used food to support our understanding in our Science lessons when looking at the process involved in different rock formations, and also to represent different particles in solids, liquids and gases. Class 6 are thoroughly enjoying learning about natural disasters and cannot wait to continue their learning!

Year 3/4 Children in Need

Last Friday, we celebrated Children in Need with this year's theme 'Together we can'. In Year 3/4, the children worked in teams to decorate parts of Pudsey. We discussed that we were able to produce one big Pudsey through collaboration. The children created their own posters about the importance of working as a team, thinking carefully about our core values.

Testing our teamwork and creativity skills, we then completed an egg drop. In teams, the children carefully planned how they would protect their egg, what materials they would use and then created it. There were only a

couple of egg casualties involved! During the afternoon, we focused on the importance of gratitude by participating in a meditation and creating our very own gratitude envelopes to take home. We also looked at mindfulness and how to support our wellbeing.

Thank you to everyone who donated. As a school we managed to raise **£218.22** for Children in Need!
Well done everyone!
