## Class 7's News

This term, our topic has been National Treasures. We have been looking at different landmarks within the United Kingdom. At the start of the term, we did lots of research to find out about the different landmarks and created a brochure for people who may want to visit them. When discussing what we needed to include in our brochures, Melody had said "I think it is important that we have different times of when people can visit the landmarks". We were excited to find out more in the rest of our topic lessons over the course of the term.

In Religious Education, we have focused on Christianity. We learnt about how to understand and show respect to the values of different people and their religions. We were able to look at how Christians prayed in churches and how people can also pray outside of religious buildings. We were able to do some hot seating and explore some of the events which happen in church and what it means to be a Christian. Izzy said "I wanted to know how you pray and what are some things you pray about?". Through questioning, children were able to explore the different values of Christianity and compare them to our school values. We enjoyed learning about all of the special roles carried out by Pastor Chris, at his church.

In music, we have been looking at African instruments. We have been practicing lots of different songs and understanding the rhythm and beat of how to play the drums. Class 7 have been eager to perform their African drumming skills to children from Key stage 1. Jake said "I am super excited to show off my drumming". Benedetta

had said "I am excited to use Shekre to help add a different tone to our performance". Class 7 and the children from Key Stage one thoroughly enjoyed the performance.

Last week, EYFS were lucky to have a visit from Thames Valley Police. They

found out what these real superheroes do and how they help us stay safe. The children were all very keen to try on uniform, some pretended to be arrested. Everyone was very eager to sit inside the police car and we even found the siren button too!

Some upper key stage two children have approached staff about potentially fasting during this period. If your child is planning to fast during their time in school, please contact us so we can support them.
