## Class 4 News

Class 4 have had an amazing start to the new year! We have been delving into the story of The Iron Man by Ted Hughes and are loving it. On WOW day, we found out that the Iron Man was taller than a house, so decided to draw him on the playground. We also made our very own Iron Man out of junk modelling (although he wasn't quite as tall as a house!).

In art, we explored the artist John Post and his colorful robot creations. Feeling inspired by his art, we designed and painted our own robots, using a bright background to make them stand out.

In English, we have been writing our own stories about what adventures we think the Iron Man might have had on Earth! We have been letting our imaginations run wild. Overall, Class 4 have really enjoyed what they have learned so far about the character of the Iron Man.

This is what Class 4 had to say about their new topic:

"I really enjoyed building the Iron Man because we could work in teams" - Abel

"I liked painting the robots because it was fun to design the head" - Daisy

"I liked the part of the story where the seagulls found the Iron Man's body parts because I wasn't expecting that to happen" - Theo

### POSTCARD

Dear New Chapter,  
Wow, it's hot here in Africa! We have visited Handa's village in Kenya. We have been to the beach and felt the sand between our toes! We got to taste some of the fruits that were in her basket for her friend Akeyo. Esmae thought the passion fruit was delicious and Adnan told the class he thought that the mango was tasty. We looked at where Handa lived and compared it to our homes here in Milton Keynes. Must go, as we are heading into space next and need to pack!  
See you on our return.

Average attendance for last week was 93.3%

Attendance was poor for the first week of term. For the new year let's continue to make a huge effort to have all children in school as much as possible. It would be great to see a big increase in the next few weeks.
